It's hard to get water from the cliff where the spring mouth locates

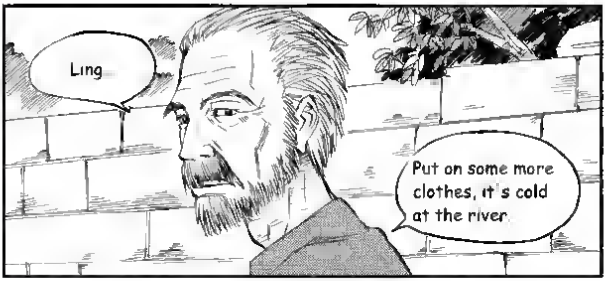
All the stuff here is home grown, and freshly mode
Of course! Added with my cooking skills, they'll taste great for sure!
That's why I have such a healthy body. I heard you urbon people eat steamed buns smoked by sulphur every day, they are far worse then my home mode corn bread!
.....
That's not true, many urbon families make steamed buns themselves.
I think this hore meat is the best!
I caught it myself! Took a lot of effort!
The vegetables are all grown by grondpo I don't have that patience, haha!

Finish the lunch quickly so we can play at the river
I'll show you the way!
That's the best!

Don't get too close, you may fall into it
I know



Ling...
Put on some more clothes, it's cold at the river

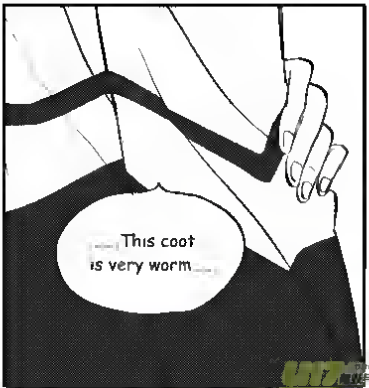
No thanks...



...This coat is very warm...

三叉子同学很勤快嘛~~成熟版的小灵，咦？大家一画小灵就直接往成熟的方向画呢，看来这漫画需要稳重的大姐姐吧，哈哈。不过小灵也就六年级而已哦，当然也怪我把小灵画得过于成熟了~但是这样的孩子在现实里不是不存在的，我的记忆里就有，最近俩月我蹲在小学校门口观察也是发现了这样的孩子的~！嗯嗯。
